Scene the Light!

Quality Wedding Photography

Hello and Congratulations on your engagement! My Name is Adam Keegan - I own and operate Scene the Light! Wedding & Landscape Photography. I will provide you with amazing images from Your Day - and always respect Your Way.

I love attending Weddings and working with real people who are excited about their wedding, marriage and life and who want photos to reflect this. If you are camera (or photographer!) shy - don't worry I can help change that! I will help you relax and enjoy the day with you, your family and guests and will provide a unique experience and images to suit.

Styles

I specialise in what is known as Wedding Photojournalism. This is where I allow Your Day to go along Your Way and snap away in the background as events and moments unfold. If extra attention is needed, or there is a tense situation (with a grumpy family member or celebrant for example) I can diffuse the situation and relive everyones nerves. When arranging people for family photos and group shots I am fast, interactive and fun. I am also great with kids (I have four of my own the eldest is five) and with people nervous around the camera. I get continual comments (especially from bridesmaids who have experienced other photographers) that my style and demeanour is amazing. I believe I am gifted in this area and think it is imperative for you to enjoy Your Day - Your Way!

What do you want?

While some couples are looking for very specific photographic needs, many do not know exactly what they want and may not be aware of the options. There can be a lot of confusion and stress over what options are the best, what is needed, who offers them and the cost. For this reason I have done two things. I have put together a few no-nonsense packages that represent the desires of most couples with added value. Secondly I have prepared an interactive form for you to fill out to help you order specifics if you know exactly what you want (email to request this). Either way I will customise everything to suit you.

Services & Bonuses

- I offer a totally unique experience for you and your wedding party - and tailor images to suit you.
- I provide suggestions on location, light, activities, timing, colours, venues and can help with many aspects of planning Your Day - Your Way!
- I have templates, information and print outs to Your Day run smoothly.
- With every Wedding I offer the Digital Negatives of the Photos purchased.

- I always operate with complete respect and integrity and work very hard to get the images you want.
- I have a free service where you can email me photos that you like the style of and I will add this and numerous other details about you and your partner to your file. On the day I am soaked in these details and am guided to get the results you are looking for.
- I provide images from formal to fun
- Travel is included within 35 Km of Perth
- Multiple Locations at no extra cost
- Any location is fine - buildings, parks, beach - you name it!
- I also provide interaction at the level you and your guests are happy with.
- NEW! Free Facebook Gallery on Scene the Light! page (only shared with friends of Scene the Light!)

PhotoBook Album (Lounge Table Style)

All packages include a quality photo-book album of your wedding. This is like a high class magazine or hard cover book with your photos professionally printed on the pages. It is a great way to show off your photos in a contemporary format. Your book will be customised for You and Your Day.

Time & Photos

Each package specifies an allotted amount of time for photography and a number of photos that you get to keep. This is totally customisable - but the higher the number, the higher the cost. I work hard and move fast so i can capture a vast amount of photos in a short space of time. This helps with the flow of Your Day so you can keep it Your Way! if you book me to do your reception as well - I provide an extra service for free which will give you better results and help your guests have a great time. Alternatively if you are trying to save money I can do a mock cake cutting and first dance, then provide tips for each table so your guests can take great photos!

Booking

The first step is to ensure I am available for your Wedding date. Then you can look at what you want from your wedding photos. Once you have this and agree to my huge price (just kidding) I will send you a contract to fill in. This protects us both and helps me tailor things to suit you. I charge a booking fee to secure your date and the services specified on the contract but this fee **comes off** the total price. The remainder of the price is not due until 4 weeks before your wedding.

- So have a look and contact me to arrange a viewing and to meet up - any questions just ask!

If you have any questions or would like to arrange to meet, please contact me today. I would love to hear more about your Wedding and get the ball rolling so you can concentrate on all your plans!

I look forward to hearing from you soon - Adam Keegan
